CIRCULAR LETTER FROM THE  
GRAND MASTER OF MASONRY.

To the W. M. Warden and brethren

of the various Lodges of G. & M. Masons

of North Carolina:

The time approaches when Masons

throughout the world meet to celebrate

the anniversary of one of the most

valuable of the order, when in every

room the brethren of our order

are gathered, and each man feels

that he is part of a great whole.

It is a time when we should

occasionally indulge in a practical

explanation of the principles and

teachings of our order, and show to the

world that our professions are more than

words, and that we are a people of

action. It is a time when we should

show to the world that we are a

people of action, and that we are

a people of action, and that we are

a people of action, and that we are

**The Mayor.**  
At a meeting of the Board of Town Commissioners, Mr. Thomas Webb, was appointed Mayor to fill the vacancy occasioned by the death of Andrew McDuck. The town may be assured that it is in the hands of a first class Magistrate.

Some town lots were in what will be a very early sale to the city.  
We are glad to see John Kirkland Jr. out again after a week's confinement from quite a severe cold.

The Raleigh Southern Advertiser by the Recorder Mr. John C. Smyth, to be sold at public outcry in Raleigh on the 15th inst.

A number of boys from Grace's School will enter at Chapel Hill next session.  
James Watson, attorney at law, is so busily engaged that he finds little time to be at home. We are glad to see this much of legal activity in the county.

Felix Kirkland, who was in town on Thursday, is recovering from his injuries with the exception of the loss of his left eye, the sight of which is impaired, though the appearance of it is unimpaired.

**The Church.**  
The Rev. J. Fitzgerald of the Presbyterian Church preached at Durham on Sunday.  
The Rev. W. S. Byrum preached the same day at Hillsboro and delighted his hearers with another one of those sermons which mark him as one of the future great men of the Church.

There was no service in the Methodist Church, Mr. Cole preaching at Cedar Grove.  
The Rev. F. M. Jordan occupied the pulpit of the Baptist Church in the place of the Rev. M. H. Hargis.

There was a prayer meeting largely attended at Hillsboro on Friday, at the residence of Mr. J. H. Hargis and the Rev. John P. Jones delivered addresses on the subject of temperance.

**The Fire.**  
We have had the fire of the Methodist Sunday School on Friday passed off with comparative pleasure. The day was spent in the fire and the loss of the building was not so great as it might have been. The building was insured for \$10,000 and the loss was \$10,000.

Among the candidates licensed to practice law under the recent examination before the Supreme Court, is Mr. James E. Terry of Orange.

**A Good Candidate.**  
Mr. J. H. Hargis, better known as "Buck", is the son-in-law of the omnibus line of G. W. Wynne & Co., Raleigh and is always prepared to take passengers to any part of the city for twenty-five cents. There is no better way than this. We know it well and we commend it to our friends visiting Raleigh.

We regret to learn of a severe accident which has befallen John Kirkland a few days ago. He is falling down a steep bank. His injuries are painful, but we hope not serious. It is probable that he will be confined to his room for some time.

**The Employment of the Recorder.**  
The employees of the Recorder office tender their thanks for the several invitations to the picnic at Poplar Springs given on Friday last by the Methodist Sunday School. They regret that other engagements made it impossible for them to participate in what was a pleasant and charming excursion and would have made very delightful.

**The Rev. J. H. Hargis of St. Matthew's.**  
The Rev. J. H. Hargis of St. Matthew's and the Rev. W. S. Byrum of St. Barnabas exchanged visits on Sunday.

After this week, those who fail to receive the Recorder will understand the reasons. Appeals in them have been made in vain. We cannot afford to work for nothing. Delinquents may be surprised to find their accounts in the hands of an officer.

MR. McGEREE'S ADDRESS.

Quite a large delegation of the citizens of Hillsboro went down to Raleigh on Thursday to hear the address of Messrs. McGee, Esq., on the life, services and character of the Hon. W. A. Graham. Mr. McGee, had been appointed by the Bar of North Carolina for this purpose and he performed his duty in a manner becoming the subject, and in a style sustaining the high expectations founded upon the talent of the Orator.

Gov. Graham stands out in historic memory as one of those few characters that all men of all parties could respect; as a man in whom all men and all parties could confide. Therefore he went down to the grave with the hearts of all. He rises from the grave elevated upon the pedestal of a universal reverence and respect. There was no mixed feeling with regard to him. There was no detraction from that summary of excellent qualities which went to make up the perfect man. A eulogy upon him was no flattery. The Orator could not surpass the bounds of truth. Mr. McGee committed no fault when he lavished upon his subject all the adornments of language. He violated no propriety when he ascribed to him the highest perfection of human nature, and his countrymen will thank him when he places the character of W. A. Graham in the position of one to be measured in monumental proportion to stand forever as an example for the living and as a model for all future time.

A Happy Medium.

No part of North Carolina occupies so happy a position as the County of Orange. We say this without any reservation whatsoever. Centrally located, it commands all the points of intercommunication. It is in the East and the West, the North and the South, and is connected with them all. In climate it has only to point to the large proportion of stalwart longevity present at every Court, and at every gathering in the County. And for production, let it record, in the market be known. It presents the best cotton made in the State. It sends the finest tobacco to Danville and to Richmond. Its wheat is the finest in the County. Its oats, its hay and its corn are greedily purchased because they have no equal.

Why then should Orange be in the back ground? It is because her own people do not properly appreciate their advantages, or because they presume upon them. What is really won is lightly esteemed. Let the farmers re-establish their Orange meetings, which are not idle gatherings of idle crowds, but mean something, and that something is the lasting improvement of our whole rural community.

Rev. F. M. Jordan, returned home on Saturday, and preached to a large congregation in the Baptist Church in this place on Sunday.

Submission Fine.

We have to regret that the dwelling house and all the outbuildings of Mr. C. B. Green, editor of the Tobacco Plant at Durham were totally destroyed by fire on Thursday morning last. The fire broke out in the cook room, and speedily enveloped the whole premises in flames. The furniture was mostly saved. The total loss is about \$3000, and we regret to learn that a policy of insurance had just expired. Mr. Green has our sincere sympathies. He had accumulated his little fortune by hard editorial labors and editors know what that means.

Harvest is going on actively, and for once in a life time there is no complaint of the wheat crop. It has escaped all injury, the yield is abundant, and the quality of the grain is excellent. The oats in many sections of the county is quite as good as the wheat. In other sections it is a comparative failure.

We hear of various rumors of independent candidates. We attach little importance to them. We would suggest to such candidates, if there be any, to remember the fate of their predecessors. The people of Orange are not apt to fly off the handle.

Hughes' School.

We call attention to the ad of this excellent school. It enters upon its sixty third session, and has maintained a uniformity of character which entitles it to rank as one of the first in the country. There is much to be gained by a life long devotion to the pursuit, and Mr. Hughes has followed with a zeal and interest which has perfected him in all that is needed to make the competent instructor. We commend to the public the school in the patronage, of the public believing, that for its grade, it has no equal in the country.

When a Brooklyn woman wants a new dress and feels a little delicate about asking for it direct, she presents her husband with a nice headed shaving paper one, filled with tissue from an old paper pattern. This first time he uses it he notices the little round holes in the paper and naturally inquires the reason, which gives her the chance to say with a regretful sigh that it's only a "Domestic Paper Fashion" that she would have used some time ago but for the reason that she saw her poor just then and felt as if she ought to economize to help him along. Noble self-denial like this usually fetches things.

Prof. Root, of College of Physicians and Surgeons, Baltimore, says: "For Dyspepsia, Torpid Liver and Constipation of the Bowels, I consider 'Dr. Wade's Liver Corrector' the best remedy that can be used."

Our Schools.

The vacation season is approaching and soon boys and girls will be on their way home. A fatality attached to the Hillsboro Military Academy during the past session which seriously imperilled its prosperity. The withdrawal of Mr. Horner, whose reputation as a teacher was the life blood, apparently, of the institution, gave it a serious shock. The energy of Mr. Graves and his coadjutors, rescued it from its danger and gave it again an impetus which promised to place it in the front rank of Southern Schools when his sudden death again threw a cloud over its fortunes.

Energy and pluck have again come to the rescue, and we believe under Messrs. Hamilton and Morson the school will present as strong a claim to public confidence as it has ever had. They are both gentlemen of experience and culture, and are fully able to carry out the educational programme of their circular. Let the School have, as it merits, the full benefit of public confidence.

The County Convention.

The Tobacco Plant calls attention to the contents of the Sentinel upon the report of the proceedings of the County Convention as reported in the Recorder. The Sentinel is Josiah Turner, says we are not correct. The report comes from the Recorder and consequently we presume they are not real.

We have only to say, that the presumption Joe Davis would not be a candidate was a strained one, and that the alteration of the name of Turner for Davis had no weight. We learn, from many delegates present that the resolution submitted to Mr. Landon was unknown to the meeting as a part of its proceedings, and was read by them with surprise.

Joe Davis, we apprehend, has the endorsement of Orange County unanimously, and no after-clap can weaken it.

Post Office Arrangements.

Last winter we put ourselves to much trouble to procure the establishment of a route between here and Caldwell. We got it, so far as depended upon the acceptance of post-masters and mail riders. Nothing has come of it, and the fault is not ours. Now let a brave postmaster come up, and let a good two legged rider say he is willing to perform the duty. We recognize the importance of a circulation in all parts of the county. Let Little River do its duty, and all will be right.

Bilthely sweeps the cradle, and gladly does the swathe lie, obedient to the arm of the reaper. At the end of the harvest year, how pleasantly does the harvestman gather in his year's labor! Let the harvest year go out with a song of gladness, and let the harvestman go ahead, with his cheery song. Once there was, in old England, the glad reapers song. Shall it be heard here in the red hills of Old Orange?

A Meeting in Person.

In pursuance of previous announcement, the Executive Committee of the Democratic Conservative party of the county of Person, met at Roxboro, in open session, on Monday the 5th day of June, when the following resolutions were adopted:

1. Resolved, That the County of Person recommend that the Convention to nominate candidates for the 20th Senatorial District be held on Wednesday the 21st of June at Prospect Hill, and that this county heartily concur with the county of Orange in recommending the name of John W. Graham, as one of the Senators for said district.

2. Whereas Person County is entitled to one of the candidates from this district in the Senate, and whereas we regard Col. John W. Cunningham, a conservative democrat and an honest man, as every way competent to represent our interest, and as one of the most experienced and faithful advocates of popular rights, and as having the confidence of every class of people, therefore Resolved. That we recommend him to the convention at Prospect Hill as our choice as one of the Senators to represent this Senatorial District.

3rd. That the Executive Committee in execution of power conferred by the mass meeting held at Roxboro, the 18th of April ultimo, appointed the 2nd Saturday in June, for Township meeting, to be held for the appointment of ten Delegates, from each Township, to the County Convention to be held at Roxboro, on the 4th Saturday of June, to nominate a candidate for the House of Representatives, and candidates for county officers.

4th. That the proceedings of the Committee be sent for publication to Milton Chronicle, Hillsboro Recorder, and Durham papers.

H. T. JORDAN, Ch'm.

M. McGEREE, Sec'y.

Mr. EDITOR.—Sir I submit the following statement of facts for the consideration of the farmers who read your valuable paper.

other ground for turnips, I concluded to cultivate the turnips and let the wheat go. All the paper told the turnips were worth a little and I brought to a proper stand. Early in September I had a first class cultivator between the rows and immediately sowed flower and oil seed grass seed. After all this culture to my surprise there was still a tolerable stand of wheat. I have just cut oil about two thirds of the ground twenty six dozen of the best headed wheat that I have seen this season. On the other hand, I got nine dozen of oats and wheat so mixed up that they would not be separated, and I have a beautiful stand of grass and will get a good cutting from it.

Very Respectfully, P. J.

HILLSBORO N. C. June 6th, '76.

MR. CHARLES MARY.

DURHAM, N. C. Dear Sir:—I was looking over the Durham Reporter this morning when I saw a piece headed "Fun Ahead," stating that you and another gentleman would like to correspond with some young ladies, with a view to mutual improvement and perhaps matrimony. I would be very glad to correspond with you, with a view to matrimony. If you accept please let me hear from you at once.

Address, LADDA.

HOW AWFULLY CURABLE.

Must be those afflicted with Consumption, Bronchitis, Asthma, or any disease of the Lungs, Throat or Chest, who neglect to use Dr. TOTT'S EXPECTORANT after reading the following letter written by one of the most estimable ladies in the South:

SAVANNAH, Ga. April 28th, 1872.

Dr. TOTT.

In gratitude for the benefit received by the use of your Expectorant, I do cheerfully add my testimony to its wonderfully power in curing deep-seated coughs. For several years I suffered dreadfully with a cough attended with great difficulty of breathing. I was induced to try your Expectorant, and it gave almost immediate relief. I took six bottles and am now perfectly restored. It is about five months since I began its use, and I have not had an attack since. It has been a great blessing to me; I cannot afford to be without it, and heartily recommend it to all who have lung or throat disease.

Very respectfully,

Mrs. A. M. WELLSBORN.

YOU HAVE NO EXCUSE.

Have you any excuse for suffering with Dyspepsia or Liver Complaint? Is there any reason why you should go on from day to day complaining with Sour Stomach, Sick Headache, Habitual Constipation, palpitation of the Heart, Heartburn, Waterbrash, Gas, and burning pains at the pit of the Stomach, Yellow Skin, Canted Tongue, and disagreeable taste in the mouth, Coming up of food after eating, Low spirits, &c. No! It is positively your own fault if you do. Go to your Druggist Dr. O. HOOKER, and get a Bottle of GILMORE'S AGUE-FLOWER for 75 cents your cure is certain, but if you doubt this, get a Sample Bottle for 10 cents and try it. Two doses will relieve you.

Owing to the late very unsatisfactory condition of the tobacco interest in this Congressional district, and desiring it of very great importance to all concerned that we should at an early day as practicable, assemble in convention at some central point in this district, to take such steps for our protection as we may deem proper.

Therefore be it resolved, That the Board of Trade of the town of Durham, would urgently request all persons in this district, engaged in the handling of manufactured tobacco, (manufacturers and dealers including peddlers) to assemble with us in convention, in the city of Raleigh on Tuesday the 20th inst to inaugurate such measures as the occasion may require.

Resolved, That the honorable Commissioner of Internal Revenue, the collector for this district and the assistant collector for this county be most respectfully invited to attend.

Resolved, That these minutes with these resolutions be put in circular form and mailed by our secretary to the different manufacturers and dealers including peddlers throughout the district; and that the secretary be instructed to send copies for publication to every newspaper published in this Congressional district.

Resolved, That we all pledge ourselves to secure as far as we may be able, a full attendance of all concerned, at the place and time mentioned.

JULIAN S. CARR, President.

WM. LINDSEY, Sec'y.
